

# 2 BATTERY BANK, 1 ENGINE ELECTRICAL SYSTEM

## Power Conversion

- 1. DeckHand Dimmer  
Digitally controls dimming of non-regulated LED, incandescent, and halogen lights.

## Battery Management

- 2. m-Series Battery Switch  
Compact 300A continuous rated battery disconnect.
- 3. m-ACR Automatic Charging Relay (p. 25)  
Automatically combines batteries during charging, isolates batteries when discharging.

## Circuit Protection and Switches

- 4. ST-Blade Fuse Block  
Compact AT0®/ATC® Fuse Block with independent source to protect both switched and 24-hour circuits.

## Connectors and Insulators

- 5. PowerPost Plus Connector  
Enables connection of multiple smaller wires in spaces where a traditional busbar may not fit.

## Power Distribution

- 6. WeatherDeck™ Panel  
Blue Sea Systems most waterproof panel for open cockpit or flybridge applications.

## Accessories

- 7. Dual USB Chargers  
Conveniently charge popular USB-powered mobile devices.
- 8. 12V DC Socket  
Dual USB Charger Plug twist locks securely into 12V DC Socket.
